

Taking an algebra class? You've found the right resource! **ALGEBRA NATION** has partnered with your school district, Mobile County Public Schools, to bring you this free, online resource, available 24/7. Algebra Nation was created so students like you can review all the skills needed to succeed in your math classes and on standardized tests, such as the ACT Aspire.

What is Algebra Nation?

Algebra Nation is an easy-to-use resource, available online and on your smartphone. What will you find on Algebra Nation?

There are **videos** taught by different Study Experts (tutors) who provide energetic and entertaining videos in order to help you learn, review, and master specific topics and concepts. There are different Study Experts, so just pick the Study Expert who best speaks to your learning style and personality. You can also follow along with each video using your Algebra Nation Workbook (don't have the workbook on hand? You can always download the **Study Guides**, available in PDF).

You also have access to the **Test Yourself! Practice Tool**, which is available at the end of each section. You can practice what you learned and test your skills. After each section, you'll see a breakdown of how you did, so you'll always have instant feedback.

Still have questions after watching videos and using the Test Yourself! Practice Tool? No problem! Go to the **Algebra Wall** where you can ask questions and receive help from other students, teachers, and our Study Experts.

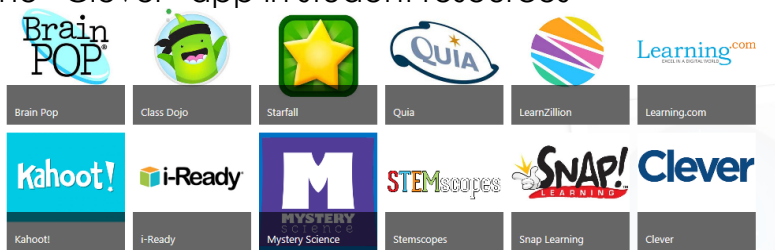

You can also go on the Algebra Wall to help others. Students receive Karma Points for helping guide other students to the right resources. Each month, Algebra Nation awards an iPad to the student who earns the most Karma Points. The next 5 highest point winners win an Algebra Nation t-shirt.

When can I use Algebra Nation?

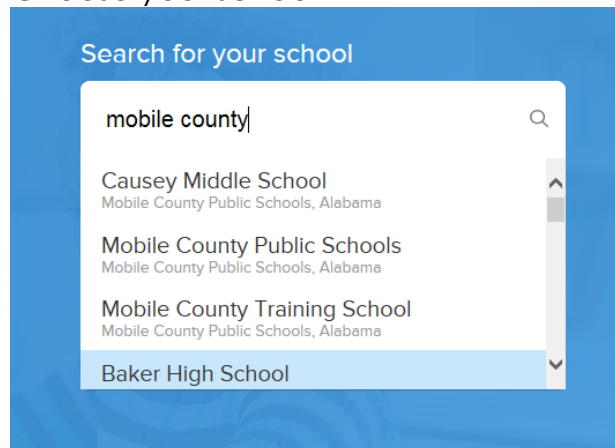

You can use Algebra Nation anytime that works best for you. When it's hard to remember what happened in your 8:00 a.m. class after you're done with your part time job, extracurricular activities, and other responsibilities – hop onto Algebra Nation and watch a few videos to jog your memory. When you have a question about how to solve a problem, use your smartphone and post it right to the Algebra Wall. Not sure how to study for an upcoming test? Try out the “Test Yourself!” Practice tool, and it'll guide you to the videos and skills you should review.

Where can I find Algebra Nation and its resources?

Algebra Nation is available from any computer, smartphone, or tablet with access to the Internet. It's easy to find Algebra Nation. If you're using your computer, go to <https://mcpss.sharepoint.com/SitePages/Home.aspx>, click on the “Clever” app in student resources
